

A vehicle is
stolen every
25 seconds in
North America.*

Protect your "home on wheels"
against theft.

America's Most Wanted™ © ANTI-THEFT SYSTEM
helps prevent recreational vehicle theft.

Unique "body panel invisible etch stickers"
permanently mark a vehicle with its own set
of fingerprints, making it easily traced, if stolen.

Highly visible window warning stickers notify a
thief that the vehicle is protected by America's
Most Wanted™ marking / identification system.

In the event that your recreational vehicle is stolen
and not recovered, America's Most Wanted™ will
pay up to \$5,000 towards the purchase of a
replacement vehicle.

If the vehicle is stolen and recovered with
damages, America's Most Wanted™ will pay
up to \$1,000 of the insurance comprehensive
deductible.

DK DIAMOND·KOTE®

THERE ARE CERTAIN THINGS YOU SHOULDN'T HAVE TO WORRY ABOUT WHILE ON VACATION

PAINT PROTECTION

WITHOUT PROTECTION

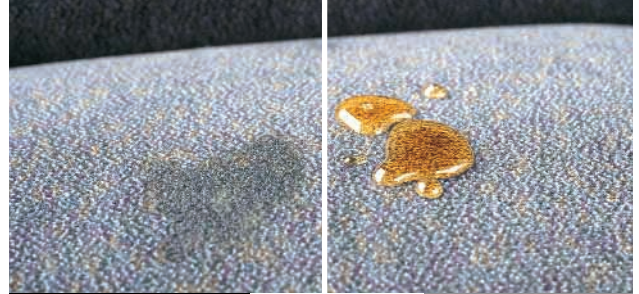

WITH PROTECTION

Beat the elements with Paint Protection

Prevent damage from environmental pollutants that can destroy your vehicle's finish. DK Paint protection bonds to the painted surfaces and protects your vehicle from fading, oxidation, road salt, ultraviolet rays, acid rain and pollution. Diamond-Kote® provides "peace of mind" protection for your vehicle.

Ask your authorized Diamond-Kote® dealer for complete warranty terms and conditions.

FABRIC PROTECTION

WITHOUT PROTECTION

WITH PROTECTION

Invisible protection that penetrates deep into every fibre

Our Fabric Protection penetrates deep into the fabric, forming an invisible shield around each and every fiber. This protective coating inhibits penetration of spills such as coffee, tea, milk and soda without affecting the fabric's natural texture. Accidents happen. Be prepared and protected with Diamond-Kote® Fabric Protection.

Ask your authorized Diamond-Kote® dealer for complete warranty terms and conditions.

LEATHER/VINYL PROTECTION

WITHOUT PROTECTION

WITH PROTECTION

Preserve the natural beauty of your vehicle's interior

Diamond-Kote® Leather/Vinyl Protection utilizes a unique "semi-permeable" water-based formula that protects interior leather and vinyl surfaces from color loss while preventing most stains from penetrating – allowing for quick and easy clean up. This unique chemistry allows the leather to breathe naturally and maintain the necessary natural moisture balance to ensure a smooth, supple finish for a long time.

Ask your authorized Diamond-Kote® dealer for complete warranty terms and conditions.

RUST PROTECTION & UNDERCOATING

Stop rust before it starts

Diamond-Kote® rust protection forms a permanent barrier between the metal panels of the vehicle and the elements of nature to prevent corrosion. Moisture creeps into your vehicle's seams and crevasses where condensation acts as a conductor to promote rust. Protect your Recreational Vehicle against the costly damage caused by corrosion with DK and stop rust before it starts.

Ask your authorized Diamond-Kote® dealer for complete warranty terms and conditions. Diamond-Kote® Rust Protection and Undercoating are a part of the total Diamond-Kote® Vehicle Preserve and Protect system backed by a fully insured warranty policy*.
